Hi there! I'm a multidisciplinary designer with experience in print, branding, advertising, and digital design. I take a customer-centric approach to my designs - ensuring they are easy to use and aesthetically pleasing.

Work Experience

Chewy | Senior Product Designer

SEPT. 2021 - PRESENT

Currently the lead designer for Chewy's SEO team, managing the full product design cycle including proposals to C-Suite, cross-department workshops and research sessions, design execution and delivery. Designed the layout and ranking model of 900+ pages in our "Top Picks" project that launched in Oct. 2022, which educates customers about relevant products based on their needs. Collaborated with the Chewy Branding team on digital design considerations for their new brand guidelines. Previously worked with the Pet Life team as the primary visual designer on CarePlus Pet Insurance that launched in Apr. 2022.

Digital Products by Accenture | Senior Product Designer

SEPT. 2018 - SEPT. 2021

Designed digital experiences across multiple interfaces for clients including T-Mobile, Walmart, and Biogen. Delivered high-quality products to clients with timelines ranging from 3 week sprints to end-to-end design and development over the span of 10 months. Mentored a 10-week apprentice program which included facilitating mock-client meetings and providing weekly coaching.

Tufts University | Interface Design Course Assistant

JAN. 2021 - MAY 2021

Helped teach the Applied Interface Design course in the Human Factors Engineering department at Tufts. Facilitated in-class design workshops, graded weekly assignments and provided detailed feedback to 40+ undergraduate and graduate students.

MMB | Junior Art Director

SEPT. 2017 - SEPT. 2018

Supported full-service ad agency projects as an art director, UX and graphic designer. Designed and delivered social, print and digital campaigns for clients like Under Armour, Foster Grant, Toyota and Hannaford.

Sleek Machine | Freelance Art Director & Graphic Designer
